In the Matter of)
)
Amendment of 73.202 (b)) MM Docket No. 01-295 /
Table of Allotments) RM-10305
FM Broadcast Stations)
(Jayton, TX))

To: Chief, Allocations Branch
Mass Media Bureau

COUNTERPROPOSAL

I, Robert Fabian, hereby submit this counterproposal requesting that the Commission amend Section 73.202(b) of its Rules, FM Table of Allotments, to allot FM Channel 231C2 to Jayton, Texas, in lieu of Channel 231A to Jayton, Texas as proposed in the Notice of proposed Rule Making in the above-captioned proceeding. I propose to amend Section 73.202(b) as follows:

<u>City</u>	<u>Channel Number Present</u>	<u>Channel Number Proposed</u>
Jayton, Texas	-----	231C2

If the requested allotment is made, I will apply for construction permits for new FM station on Channel 231C2 at Jayton, Texas. And if I am granted the construction permit I will promptly construct and operate the station in Jayton, Texas.

As shown in the attached Engineering Exhibit 1, the allotment of Channel 231C2 at Jayton can be accomplished at the reference co-ordinates: (33-15-35N 100-40-08W).

Jayton, Texas is an incorporated city with a population in excess of 600 people. The proposed channel 231C2 would be the first local aural broadcast transmission service to Jayton and will provide additional diversity and an outlet for local self-expression to Jayton residents and therefore is in the public interest.

Wherefore, for the foregoing reasons, the Commission should amend 73.202(b) of its rules to allot Channel 231C2 to Jayton, Texas.

The information provided in this Counterproposal is correct and true to the best of my knowledge.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Robert Fabian", written over a horizontal line.
